

Second Grade Goals for April/May

Writing: Science

- **Students will be able to write what we are learning and thinking about our science topic.**
- **Students will be able to organize our facts and ideas into chapters.**
- **Students will be able to teach others what we know.**

Reading: Science:

- **Students will be able to build up a base of knowledge on a topic by reading deeply about a topic.**
- **Students will be able to compare and contrast different texts on the same topic.**
- **Students will be able to learn by asking questions.**

Math:

- **Students will be able to measure the length of an object by selecting and using the appropriate tools.**
- **Students will be able to estimate length using inches feet and centimeters.**
- **Students will be able to measure to determine how much longer one object is than another, expressing the length in terms of a standard length unit.**
