

## Second Grade Goals for December

### Writing: Realistic Fiction

- Students will be able to draw on everything we know to write fiction stories.
- Students will be able to envision each scene to write more details.
- Students will be able to bring characters to life by using actions, feelings, and dialogue.
- Students will be able to choose best work to revise and publish.

### Reading: Characters:

- Students will be able to retell stories thinking about what is important.
- Students will be able to think about how characters respond to major events and challenges.
- Students will be able to think about character traits and feelings.
- Students will be able to find deeper meaning in books lessons for our own lives.

### Math:

- Students will be able to model 2 digit addition with regrouping.
- Students will be able to find a sum by breaking apart a 1 digit addend to make a 2 digit addend a multiple of ten.
- Students will be able to solve problems involving 2 digit subtraction by using strategies.
- Students will be able to use addition to find differences.
