PreK Newsletter for the week of May 14, 2018

We are continuing to work on our theme "BABIES".

Our focus question is "What can we learn about baby animals?"

The students will discuss various baby animals and draw/write about their favorites. The students will investigate the name of their baby animal, where their baby animal lives, and what their baby animal eats. They will collect this information and make a book.

The dramatic play center has been turned into a baby nursery. This week it will include an area for the students to play veterinarian and take care of animals.

PLEASE HAVE YOUR CHILD WEAR THEIR NEW PREK SHIRT EVERY FRIDAY!
