

Safety Meeting February 6, 2013

In Attendance: K.Kelly, C. O'Connor, S. Hammer, M. Murkin, F. Certoma, A. Gruber

Alvis Brown, Boro Safety Director, visited our school on Monday, February 4th. He met with staff during Faculty Conferences. See attached memo regarding drills.

Alvis Brown informed us that if there ever was a bomb threat, we should stay put until authorizes show up.

Mrs. O'Connor will email safety updates to Mrs. Hui and she will post important information on our school website.

We purchased walkie-talkies and staff was trained by Ms. Mahmood. Walkie-talkies will be taken on school trips so that teachers can connect with each other.

All parents will be invited to attend our next safety meeting on March 13th.

School should give parents a feedback form and parent guide before meeting takes place.

Parents want to know what their children are being told regarding drills. Sometimes, what parents tell their children is different than what they are told in school.

Our lockdown drill went very well. All students followed directions and everyone was totally kept out of site.
