

January 30, 2013

Good Day Parents and School Community,

Friday, February 1st, 2013 our school will conduct one of our safety drills (fire, lock down, bus, shelter) in order to practice safety protocols and procedures for our students and staff. We must reflect on our own school and students and naturally review our Chancellor's plans and procedures to prevent or respond to an event and to keep our P.S. 174 community as safe as possible.

All regularly reviewed safety procedures are continuously in effect, and we will alert you periodically when we do conduct these safety drills, including lockdowns. We remind our staff, students, and parents to be vigilant and to report any suspicious behaviors or issues of potential concern.

Student and staff safety is our number one priority at P.S. 174.

Sincerely,

Karin Kelly

Principal

Cindy Galloway-O'Connor

Assistant Principal of Safe
